# Peter Mancuso for Township Committee

A loving and dedicated family man, Peter and his wife Lois raised their family here. Peter is a successful civic and community leader who has dedicated thousands of hours to helping others.

As our neighbor here in Morris Township for over 43 years, Peter has been actively involved in preserving our quality of life. Whether in local groups, not-for-profit organizations or local government for over the past three decades, Peter has helped our community in many ways. Peter Mancuso shares our common sense fiscal conservative values.

Now during these difficult economic times, our community needs Peter Mancuso's keen business sense. After 47 years in business, most notably as a Governor at the New York Stock Exchange, Peter has been a sought-after business expert on CNNfn, CNBC, PBS and ABC radio.

Strong leadership. Proven financial acumen. An unmatched record of community involvement. For Morris Township voters, the choice is clear...
